KOREA VOTES  
ON SELF-RULE  
AMID RIOTINGCOMMUNIST - STAGED  
CLASHES COST  
73 LIVES

BY ROY ROBERTS  
Seoul, May 10 (AP)—American and Korean authorities estimated that 80 per cent or more of the 8,000,000 eligible voters in South Korea defied Communist violence and threats today in the nation's first self-rule election.

New outbreaks raised the weekend toll to 76 killed in the U. S. zone. Police bicycle patrols arrested 60 suspected Communists—some armed with bamboo spears and knives—in the hills around Seoul.

Polling booth explosions were reported here and at Taegu, large southern town. The Taegu bombing injured five persons. Also at Taegu, rails were removed on the Pusan-Seoul railroad and the telephone switchboard sabotaged.

Results Out Tuesday  
At Inchon, the Port of Seoul, a woman who police said admitted taking Communist orders set the telephone office afire. It was half destroyed.

Tabulation of ballots in the Russian-boycotted election are expected to require all night, with no results available until tomorrow. Russia occupies North Korea.

Two Koreans were slain in Seoul today. U. S. army reports indicated at least 20 others were killed elsewhere in sporadic outbreaks. Wire snipping interrupted communications from outlying districts.

Bombs Confiscated  
Police probably forestalled more serious trouble here. They confiscated 50 home-made bombs and materials for many more in the house of a well-known local Communist.

Undeclared voters turned out in large numbers for the United Nations-observed election which brought loud threats from the Soviet Zone. Associated Press correspondent Frank L. White visited a dozen polling places and found 80 per cent or more of

Anderson Resigns  
From Cabinet To  
Run In New Mexico

Washington, May 10 (AP)—President Truman formally accepted the resignation of Secretary of Agriculture Anderson today with an endorsement of his candidacy for the Democratic nomination for the Senate from New Mexico.

"In consenting to your release at this time," the president wrote, "I do so in the hope that the period immediately ahead is but the preliminary to your reentry to the halls of Congress—next time as a member of the Senate."

Anderson formerly was a member of the House of Representatives.

There still was no word from the White House on Anderson's successor as his cabinet tenure came to an end.

TICKET PICKED  
BY SOCIALISTSNorman Thomas Again  
Heads Campaign

BY CHARLES WELSH  
Reading, Pa., May 9 (AP)—Lank, balding Norman Thomas undertook today another campaign for the presidency saying frankly he does not expect to come any closer to election than in his five previous tries as the Socialist nominee.

But, the 63-year-old New Yorker told a reported in an interview: "I intend to campaign as vigorously and widely as possible; not alone in search of votes but in furtherance of our organization and the program we Socialists believe is right and best."

The 25th National convention of the Socialist party, in its concluding session here yesterday, tendered Thomas its sixth consecutive nomination for the presidency. The unanimous nomination was without opposition among the 200 delegates, and he accepted with a pledge to make "our great concern in this campaign x x x the winning of peace."

Nominated as the vice-presidential candidate was Tucker P. Smith of Highland Park, Mich., professor of economics at Olivet college and a former international representative of the CIO United Auto Workers. Smith, 49, a husky, active man, also has been a Socialist leader for years.

Illinois Delegates  
To Be Kept Neutral  
By Keynote Green

Springfield, Ill., May 10 (AP)—Gov. Dwight H. Green, Republican national convention keynote and Illinois favorite son for president, is trying to keep the state's delegates publicly neutral until they reach Philadelphia next month.

Green is the first choice of the majority of Illinois delegates—at least in early balloting. Many of the delegates are affiliated with his state organization, in power since 1940.

But there are Taft, Dewey, MacArthur and Stassen supporters among the remainder. Current strategy is to keep the delegation as a unit solidly behind Green until it can throw its weight effectively.

Quality Put First  
In New U. S. Army

Chicago, May 10 (AP)—Secretary of the Army Kenneth C. Royall said yesterday that America does not need and cannot expect to have the biggest army in the world if war should come, but it must have the best.

He told the Jewish Welfare Board that "in the last analysis, the quality of the American army is the most important factor," and that he did not mean an army of aggression.

But, he added, the American Army must be able to withstand aggression and finally to "direct the scene of battle back toward the attacking nation, and to defeat such nation on its own soil."

Final Effort Made  
To Head Off Strike  
At Chrysler Plants

Detroit, May 10 (AP)—The governing brought Chrysler Corp. and the CIO United Auto Workers back to the bargaining table today in a late hour effort to head off a strike.

On the outcome of renewed negotiations rested the hopes of averting Wednesday's scheduled walkout of 75,000 workers in a wage dispute.

Federal conciliators arranged an 11 a. m. (Eastern Daylight Time) meeting.

Chrysler and the union agreed to the meeting over the weekend, 48 hours after the UAW broke off negotiations with a report of being "hopelessly deadlocked."

A strike at Chrysler would be the first major walkout in the auto industry since the 113-day General Motors impasse of 1945-46.

The UAW demands a 30 cent an hour wage increase. Chrysler offered six cents, which it withdrew upon the union's rejection. In the meantime the UAW had reduced its demand to 13 1/2 cents only to return later to 30 cents. Average pay is \$1.50 an hour.

SPRING STORMS  
SOAK MICHIGANRoads Impassable; Pilot  
Killed In Downpour

(By The Associated Press)

A severe spring storm drenched southern Michigan in a near-record rainfall today, resulted in the death of an airplane pilot and caused injury to several other persons.

The pilot was Dale Powers, 41, of Port Huron, who crashed to his death in a rainstorm near Baker airport. His passenger, Ann Oswald, was slightly injured.

Two other planes were forced down in the Detroit area, but both pilots escaped injury.

By 8 a. m. rainfall, which started Sunday afternoon, totaled 2.38 inches in Detroit, close to a record for May.

In Macomb county, scores of cars were blocked on highways by high waters.

Roads were reported impassable in several southern counties.

Marble From Truck  
Kills 13 In Naples

Naples, Italy, May 10 (AP)—Marble blocks toppling from a truck fell on a group of sightseeing pilgrims near here today, killing 13 and injuring four.

The sightseers were returning from Pompeii sanctuary when they halted on the Calore river bridge in Mirabella to admire the view.

ARAB-MANNED  
ROAD BLOCKS  
ARE REOPENEDHAGANAH SMASHES  
FOOD CONVOY  
BARRIER

BY CARTEL L. DAVIDSON  
Jerusalem, May 10 (AP)—Two Haganah brigades drove the Arabs off the Tel Aviv-Jerusalem supply route today and carried the raging fight into the Judean Hills.

The road itself, though still slashed by Arab barricades, is safe. The Haganah fighters scored their success at Bab El Wad, ten miles west of Jerusalem. This reporter and three other newsmen walked through the mountain pass today. Sounds of fighting came from all four sides of us and occasional stray bullets whined above.

Inside the deep gorge through which the macadam road winds as a funnel for supplies needed in Jerusalem, there otherwise was deadly stillness.

After climbing over eight barriers of stone, we returned to the command post of the Haganah advance battalion. A young and battle-seasoned major there expressed surprise that we weren't shot. He sent a patrol out hastily to investigate.

A reliable Jewish source previously had said Haganah had occupied all strategic heights on both sides of Bab El Wad.

He said 4,000 well armed members of the Jewish Militia Haganah had carried out the occupation in the last two days in a drive to reopen the Arab-blocked Jerusalem-Tel Aviv highway and lead food through for this city's 100,000 Jews. Bab El Wad is about 10 miles west of here.

Previously, this source said, Haganah men smashed a part of the Arab-manned roadblock which had prevented the safe passage of Jewish food and passenger convoys in both directions.

Confirmation from Haganah or from neutral correspondents who had gone to the scene was not available up to midmorning.

Attacks At Sundown  
Jewish sources said last night some 500 Haganah commandos launched attacks at sundown on Arab strongpoints overlooking Bab El Wad and on Arab Beit Mahsir village, about two miles southeast of there. Beit Mahsir has been a main base for Arab fighters who have closed the road with blocks, blasting and gunposts.

Steps were under consideration here and in Lake Success, N. Y., to keep peace and order in Jerusalem and safeguard its shrines of the Christian, Jewish and Moslem religions. Arabs, Jews and the United Nations meanwhile worked out their various plans for all Palestine.

Ban On Broadcast  
Censoring Sought

Washington, May 10 (AP)—The CIO today asked the Federal Communications Commission to make permanent a ruling that radio stations may not censor political broadcasts.

The labor organization and its political arm, the CIO Political Action Committee, filed a brief with the FCC supporting its policy on political broadcasts.

The FCC ruled early this year in what is known as the "Port Huron case" that a station may not censor the content of a political broadcast. And, the FCC said, no station may be sued for libel or slander as a result of such a broadcast. This immunity does not extend to the person who makes the speech.

Teen-Age Prisoner  
Slain By Play Cop

Mollala, Ore., May 10 (AP)—A teen age boy was wounded fatally yesterday in a game of "Cops and Prisoner."

The victim, John Christensen, 13, was the "prisoner" and was wounded by a .22 caliber bullet. Jack Kelly, also 13, was the "jailer" with the gun.

John had broken from the play jail and dutifully fell to the ground when his playmate yelled "bang bang." Next, the "jailer" cocked the rifle, which was believed unloaded, and fired. The single bullet pierced the boy's eye and lodged in the skull.

House Snags Bill  
For \$207,930,350  
Army Building

By HOWARD DOBSON

Washington, May 10 (AP)—Sponsors of a \$207,930,350 Army construction bill tried anew today to get it through the House. Cost of officers' quarters snagged the first attempt.

The measure provides for improving camps in this country and bases abroad, including three secret air force installations in Canada and Newfoundland. The three would get \$8,500,000.

Rep. Case (R-SD) told reporters he would demand that flat money limits be put on the amounts that could be spent for officers' quarters. He also said he wants additional safeguards for reviewing Army construction contracts.

Rep. Bates (R-Mass), in charge of the bill for the House Armed Services Committee, said he would attempt to work out changes in the bill to satisfy Case and Army engineers.

These were other developments in the National Defense picture on Capitol Hill:

1. The House Appropriations Committee considered minor Senate changes in a \$233,200,000 (B) Emergency Appropriation Bill for the Air Force and the Navy's Bureau of Aeronautics. Chairman Taber (R-NY) said the House, which originated the bill, might agree to the changes without asking for a conference with the Senate.

2. The Senate Armed Services Committee resumed work on its combined Draft-Universal Military Training Bill. The measure would call men from 19 through 25 for two years' service and would require a year's training for 18-year-olds.

3. The House Armed Services Committee formally laid before the House its majority and minority reports on the draft bill sponsored by Chairman Andrews (R-NY) and approved 28 to 5 by the

VALLEY FORGE  
WRECK KILLS 2Reading Train Derailed;  
Over 200 Bruised Up

Valley Forge, Pa., May 10 (AP)—The Reading Railroad and the Montgomery county district attorney said today they had found "indications of tampering with the rails" may have caused a train wreck last night in which two crewmen were killed.

The Reading company passenger train, enroute from Allentown to Philadelphia, was wrecked near the George Washington Memorial chapel in historic Valley Forge park.

A sideplate joining two rails together apparently had been removed, district attorney E. Arnold Forrest said.

"It looks suspicious, as if someone had been tampering with the track," he added.

A Reading company statement, made after the official investigation, said the nuts and bolts which held the plate together "were lying along the track indicating they had been removed intentionally."

Grandmother Wins  
\$18,500 In Prizes  
On 'Stop The Music'

Providence, R. I., May 10 (AP)—Mrs. Lillian Finneran, a 67-year-old grandmother, today had \$18,500 worth of prizes after naming correctly a song — "Army Duff" — in a nationally broadcast contest "Stop The Music."

Practically speechless when Bert Parks, master of ceremonies of the American Broadcasting Company program, phoned her, the white-haired mother of six grown children almost fainted when, after correctly naming the song, Parks listed the prizes.

They include a cabin cruiser, a television set, automobile, diamond-studded watch, a \$1,000 Persian lamb coat and the promise that Cab Calloway's orchestra will play especially for her.

Mrs. Finneran lives with her husband, George, and a son in a five-room flat at 47 Prairie avenue, South Providence.

Big Circus Starts  
On Road; Records  
Broken In New York

New York, May 10 (AP)—The Ringling Brothers and Barnum and Bailey circus began a railroad trek to Boston early today after a 33-day stay at Madison Square Garden which set all-time records for attendance and gate receipts.

A circus spokesman said the show played to 924,000 persons and took in about \$1,500,000 at the gate during its season-opening stay here.

Show officials said they did not know what effect the railroad strike would have on the circus tour if it materializes.

SAFE LOOTED  
Grand Rapids, May 10 (AP)—A safe in the office of the Capitol Lumber and Wrecking Company was looted early today of \$1,045, of which \$875 was in cash, in the first successful safe burglary here since March 9.

PAY DISPUTE  
OF CARRIERS  
IN DEADLOCKSEIZURE OF LINES  
BEGUN TO AVERT  
COSTLY TIEUP

Washington, May 10 (AP)—President Truman seized the railroads today in a move to head off a strike which he said would be "a nationwide tragedy with world-wide repercussions."

He put the lines under the army.

But it was not certain that even this would stop the walkout called by three big railroad Brotherhoods for 6 a. m. (local railroad time) tomorrow. Their chiefs said they would have to talk with strike committees.

The President signed a seizure order two minutes before 12 o'clock (EST) in an effort to bar a strike. The order places operation of the trains under direction of the U. S. Army.

Appeals to Workers  
Mr. Truman appealed to all railroad workers to stay on their jobs.

"I call upon every railroad worker to cooperate with the government by remaining on duty," the seizure statement said.

"I call upon the officers of the railroad labor organizations to take appropriate action to keep their members at work."

Mr. Truman's statement added: "It is essential to the public health and to the public welfare generally that every possible step be taken by the government to assure to the fullest possible extent continuous and uninterrupted transportation service."

"A strike on our railroads would be a nation wide tragedy, with world wide repercussions."

The seizure order was issued after a weekend of almost continuous negotiations, directed by presidential adviser John Steelman, failed to bring a settlement of the dispute between the three Brotherhoods and the railroads over wages and working conditions.

Conferences Continue  
The heads of the three unions left a White House conference just as the President's executive order was being released. They would not say whether their union members would remain on the job under government seizure.

"We're going to take that up now with our committees," said President Alvanley Johnston of the Locomotive Engineers, David B. Robertson of the Firemen and Engineers, and A. J. Glover, of the Switchmen's union.

The union leaders went right to their hotel for a conference with their strike committees. They said they would return to the White House at 3:30 p. m. (EST). They said they would not promise they would be able to notify Steelman at that time of their decision about working for the government.

Mr. Truman's order directed that, for the time being, present wage and working conditions in

U. P. Administrators,  
Teachers Meet Here

An Upper Peninsula conference of administrators and teachers of institutional on-the-farm training programs will be held at the Escanaba junior high school Wednesday, May 12.

About fifty teachers and administrators are expected to attend. All persons interested are invited.

Raymond Clark, state department of public instruction, and Elmer Lightfoot and John Donoh, Michigan State College, will address the conference.

The conference will open at 9 a. m. A joint session will close the program in the evening.

## District Officials Of MEA Confer Here

Presidents and some committee members of the Upper Michigan MEA district conferred here at the senior high school Saturday with Wesley Thomas, field service director for MEA, of Lansing.

The MEA officials discussed field publications with J. C. Eild of Menominee as chairman, public relations and finance with Bruce Nelson of Negaunee presiding.

A discussion of the functions of various local committees was held, after which MEA members were dinner guests of the Chamber of Commerce.

Attending were officials from Stambaugh, Iron Mountain, Manistique, Ironwood, Sault Ste. Marie, Menominee and other U. P. cities.

## Harold Normand, 48, Of Trenchy Killed

Trenchy—Harold Normand, 48, Trenchy, was fatally injured when he fell out of an automobile at 10:30 Friday night on the county road four miles south of Winters, near Trenchy.

Normand was a passenger in the front seat of a car owned by his brother, Raymond, and driven by James McNally, 26, also of Trenchy. Mr. and Mrs. Normand, McNally and Miss Ruth Hebert were returning from Escanaba, and were on their way to Normand's farm home, a quarter of a mile from where the accident occurred.

It was reported that Normand opened the door to expectorate and McNally lost control of the automobile, which swung around. Normand was instantly killed, but none of the others was injured.

## Pleads Guilty to Drunken Driving

Lloyd R. Pearson, Escanaba Route 1, pleaded guilty in justice court this morning to a charge of driving an automobile while under the influence of liquor. He was fined \$50 and \$8.25 costs.

Pearson was arrested following an automobile accident Saturday night at the intersection of Sheridan Road and N. 13th avenue. Pearson's car was struck by a machine driven by Lawrence L. Decent of Wells.

## Venus Sewing Plant Reduces Personnel On Temporary Basis

About 50 employees of the Venus Sewing company in Escanaba have been temporarily laid off because of poor business conditions, it has been announced by Mrs. Ella Almquist, manager.

The lay-off will last an expected two or three weeks, or until orders again reach their customary figure. About half of the total employment, 142 women, will be temporarily laid-off.

About 50 girls will work a 30 hour week until business conditions improve.

## Obituary

**MRS. GEORGE B. MEYER**  
Rev. Karl J. Hammar conducted funeral services for Mrs. George B. Meyer this afternoon at 2 o'clock at the Anderson funeral home chapel. Burial was in Gardens of Rest cemetery.

Mrs. Alex Cathcart was soloist of the service, and Mrs. Anna Harrod, organist. Her numbers were "God Understands" and "Does Jesus Care?"

Pallbearers were Nicholas G. Barish, John Moshon, Robert and Mohn Donovan, Leo Legault and Walter Russell.

Mrs. Lawrence Duford, Fond du Lac, Robert Erickson, Great Lakes, Ill., and Mr. and Mrs. Glenn Meyer, Gladstone, attended the services.

**MRS. MADELINE MEYER**

Funeral services for Mrs. Madeline Meyer were held at 9 o'clock this morning at St. Joseph's church. Her son, Father Theophil Meyer, O. F. M., of Cerrillo, New Mexico, was celebrant of the solemn requiem high mass. Father Patrick, O. F. M., was deacon and Father Varin Slacko, O. F. M., sub-deacon. In the sanctuary also were Father Martin B. Melican of St. Patrick's church and Father Alphonse, O. F. M., St. Joseph's pastor.

The church choir sang the music of the mass, with soloists, Mrs. John Greis, Mrs. Eldridge Baker, Mrs. Ray Olson and Mrs. Elmer Bonifas. At the close of the service, Mrs. Baker sang "O Christe Salva." Honorary pallbearers of the Third Order of St. Francis were Mmes. ## Students Favor Park For Bathing Beach

High school seniors serving as members of the Escanaba city council today in the students' government education program are unanimous in their belief that the city's permanent bathing beach should be established at Ludington park and that the north shore beach should be used only temporarily until proper facilities can be established on the south shore.

## Child Injured As Car Strikes Pole On Washington Ave.

A car driven by John R. Mattson, Rte. 1, Bark River, smashed a light pole at the intersection of Washington and 12th avenue north Sunday morning, resulting in injury to Harold Colegrove, 2, a passenger in the car.

Mrs. Mattson and her brother, the Colegrove child, were taken to St. Francis hospital. Mrs. Mattson was not seriously injured and she was later released from the hospital. The Colegrove boy sustained a severe cut on the face and an injury to his jaw. His condition was reported to be good today, however.

Mattson said that he swerved his car to avoid hitting a car driven by Pearl Ashland, of Flint, which was approaching Washington avenue west from 12th avenue. Mattson said that the Ashland car did not stop for the arterial.

**Fund Being Raised To Restore Fighting Ship Constellation**

Washington, D. C. (P)—A nationwide drive is being planned to raise \$1,000,000 to restore the famous old fighting ship Constellation.

A group of high Navy officers and prominent citizens met Friday—the 150th birthday of the Navy—to work out details of the fund-raising campaign.

The famed frigate's sister ship, the Constitution, was restored 20 years ago through penny contributions by the nation's school children.

At present the Constellation, which was launched in Baltimore in 1797, is tied up at Boston.

Members of the restoration committee include the four Fleet Admirals King, Nimitz, Halsey and Leahy, Gen. Alexander A. Vandegrift, Thomas Watson Sr., president of International Business Machines; Philip Murray, CIO president; William Green, AFL president; the Rev. Patrick A. O'Doyle, Archbishop of Washington; Rabbi Aba Hillel Silver; and Justin Miller, president of the American Association of Broadcasters.

The student council voted to continue the present curfew regulation but to provide teeth for enforcement of the regulation. It was agreed that youngsters picked up by police after curfew hours should be taken to the police station and that their parents should be required to call for them there. The third offense would result in a fine against the parents for failure to exercise proper parental control.

The students approved a lease with the Escanaba Yacht club for the use of city owned lake frontage property but rejected a provision that the yacht club be granted a club liquor license.

A request for a building permit for the construction of a commercial enterprise on the north side of the 300 block of Ludington street was denied by the student council, who felt that the park area in that locality should be extended for scenic benefit of the community.

A proposal for the installation of a stop light at Ludington and Tenth streets was rejected by the student council as unnecessary to regulate the flow of traffic in that area.

Gilbert Bullock was elected mayor by the student council. Other councilmen are Gerald St. Martin, Joyce Erickson, Gerald Baker and Bob Kennally. Lois Nelson is the student city manager and Jim Moran the student city clerk.

Other high school seniors also served in the various other appointive city positions, including the fire, police, financial, sewerage, water, gas, steam, recreation, engineering and forestry departments.

## Veteran Offers Gun To Bride, 19, Then Kills Her In Bed

Carnegie, Pa., May 10 (P)—A 23-year-old war veteran shot his young bride to death yesterday after first offering to let her kill him. Russell Patton, assistant chief Allegheny county detective, said.

The detective said Mrs. Alice Kish, 19, was shot over the right eye as she lay on a bed in a room rented by the young couple. Her husband, Thomas, a laborer, will be turned over to the coroner, Patton said.

Patton said Kish signed a statement giving the following version of the shooting:

Kish arranged to meet his bride of three months at a Carnegie street corner Saturday night but failed to keep the appointment. When Kish returned to their room early yesterday, he found his wife lying on the bed. She refused his offer of some sandwiches and said:

"I got so mad at you I could kill you."

Kish offered to give her his .32 caliber pistol and when she refused to accept the weapon, he said:

"Now it's my turn," and fired one shot into her head.

Patton said Kish served as a military policeman in both the European and Pacific war theaters. His wife worked in a Pittsburgh department store as a wrapper.

## Mrs. Casper Olson Dies In Her Sleep Sunday Morning

Mrs. Casper Olson, 58, the former Anna Carlson, died in her sleep early Sunday morning at her home, 1010 Sheridan road. Mrs. Olson had not been ill and her unexpected death came as a shock to her family and friends.

She was born November 22, 1889, in Perkins, Mich.

She was an active member of Immanuel Lutheran church and also took a prominent part in the affairs of the Morning Star society, the Ladies' Aid and the Germania society with which she also was affiliated.

Surviving are her husband, four brothers and four sisters: Charles Carlson, of Rock; Joseph, Manistique; Arthur and Fred, Escanaba; Mrs. Albert Rosenberg, Gladstone; Mrs. Hilda Jacobson, Detroit; Mrs. A. M. Arntzen, Escanaba; and Mrs. M. D. Mathison, Gladstone. Funeral services will be held Wednesday at 2 p. m. at the Anderson funeral home and at 2:15 p. m. at Immanuel Lutheran church. The body will be in state at the funeral home Tuesday afternoon.

## Hitler Now Living In Silesia, German Frau Tells Yanks

Wiesbaden, Germany, (P)—There is a woman here who says she lived next door to Adolf Hitler last year on President Roosevelt street in Liegnitz.

The woman, Frau Dora Mai, told her story to American military government officials here. They are skeptical, say it is Russia's problem because Liegnitz is in Polish-occupied Silesia.

Frau Mai's story: "He has a triangular mustache now and he grows sideburns, too. But it is he, all right. I lived next door to him for a year in Liegnitz. We both lived on President Roosevelt strasse."

"It is my moral duty to tell you this. Hitler is too smart for the Russians. They don't know that he is living there on their doorstep. He is living with a small, dark woman. She isn't Eva Braun. Sometimes he poses as a schoolmaster, sometimes as a Polish army lieutenant."

"He has formed a new party—the TPZ. I don't know what it stands for. \* \* \* I never asked him if he was Hitler. I just knew it."

## ORGANIZE TAX BOARD TODAY

### Judge Miller Reappoints Commission Members

The Delta county tax allocation commission met this afternoon in the court house at Escanaba to elect a chairman and complete its organization for 1948 following the reappointment of three commission members by Probate Judge William Miller.

Three members of the commission serve by virtue of their office. They are County Treasurer Robert Pryal, County School Superintendent Haele Quarnstrom, and Charles Stoll, chairman of the finance committee of the county board of supervisors. The three appointees to the six-member commission are as follows: Helmer J. Sikquist, Gladstone, a private citizen who is not connected with any local unit of government; C. Gust Peterson, member of the Escanaba board of education; and Marvin L. Coon, representing the city of Escanaba.

It is the responsibility of the county tax commission to allocate taxes to the various units of government under the 15-mill tax limitation law. These allocations are based on the budgets of the units for the ensuing year.

Last year Delta county received an allocation of 7.3 mills; the schools 7.6 mills in Escanaba and up to 7.7 mills in the townships; while the village of Garden and the cities of Escanaba and Gladstone received 1 mill as provided by state statute.

J. Theodore Ohlen, county clerk, is clerk of the commission.

## Cooperation Of Hospitals With Press Is Urged

Chicago, (AP)—A hospital administrator urged hospitals to find out what information newspapers want when they call the institutions.

B. D. Dann, superintendent of Hackley hospital, Muskegon, Mich., asked the Tri-State Hospital assembly, "How many of you actually know what the newspaper wants? Have you ever tried to find out X X X?"

"Let me list these for you. Complete names, spelled correctly by age, address, a reasonable amount of information, if obtainable at the hospital as to what caused the accident; the extent of injury and the general condition of the patient."

"It is my personal belief that too many administrators or hospitalists, and people of authority, suppress information which they have no right to."

"On one hand you ask the newspapers to give you good write-ups, which we all love for it is praise. On the other side how do we cooperate with the press?"

## Escanaba SPEBSOSA Feature Of Talent Show Here Tonight

The Escanaba Barbership Quartet, the Chord Hunters, will be featured with other guest star numbers on the amateur program in William Bonifas auditorium tonight at 8 o'clock.

The talent program, to be broadcast over radio station WDBC, is open to the public. Tickets will be available at the door. The city recreation department is sponsoring the amateur talent series, embracing all Delta county persons who are interested.

The initial program will feature seven county persons, with Ivan Kobasie and orchestra. There will be audience participation numbers and a grand door prize will be awarded some member of the audience. Winning contestants also will be awarded prizes and eligibility certificates for future performances.

Anyone in Delta county who sings, plays a musical instrument or dances is invited to appear on the program, by making arrangements with George Grenholm, director of the Escanaba recreation department.

Contestants will be judged by audience applause, gauged with an applause meter.

## Prisoner Confesses \$120 Christmas Eve Port Huron Robbery

Port Huron, Mich. (AP)—Stricken with a heart attack, a 27-year-old prisoner confessed a \$120 Christmas Eve robbery, jail officials reported.

Alfred Lovett, held here since April 28 when a jury disagreed on his case, was taken to Port Huron hospital after he became ill. His condition was described as fair.

Authorities said he insisted on writing and signing a statement detailing a theft from Charles Brennan, 46, on Dec. 24, 1947. Lovett had been accused in the robbery along with Cecil Tipkey, 27, and his wife Velma, 29.

Brennan told a deputy sheriff he was riding with the trio when someone hit him over the head with a bottle and took his wallet.

After the jury failed to agree at their trial, Lovett and the Tipkeys were remanded to jail to await a new hearing.

## NAHMA'S CUBS PLANT TREES

### Work Started On New Community Building

Nahma, Mich.—The Trees Forever project of the Escanaba Daily Press was given new impetus Saturday afternoon when 2,000 Norway pine seedlings were planted in the Cub Pack No. 422 forest near the Nahma golf course.

Jim Jay, Forest Service ranger of Rapid River, supervised the planting of the new forest. It was a father-son affair, with the men handling the shovels and the boys placing the seedlings in the ground. The planting program was climaxed with the erection of the rustic sign, designating the forest. The plaque was supplied by the Escanaba Daily Press.

The following members of Cub Pack No. 422 participated in the tree planting activity: Eddie Bernier, Norman Blowers, Harold Blowers, Willard Clement, Gary Groleau, Wade Groleau, Harold Hebert, Bill Rogers Jr., Howard Robert and James Hebert, Raymond Jundea, George Krutina, James Krutina, Rennie Kuchenski, Myron Moore, Duane Popour, James Rockstead, Joseph Rogers, Aaron Sanford, Clyde Tobin, Peter Todish, Tom Todish, Billy Willette and P. Zimmermann.

Men taking part in the project were: Vern Roddy, Frank and John Mercier, Joe Rogers, Adrian Hebert, Omer Groleau, Dale Hebert, Reggie Hebert, Mike Pholen, James Krutina, R. R. Jehn, Lawrence Kuchenski, Allen Mercier, Bill Rogers, Wellington Sanford, Dick Miller, Al Hescott, Wilfred Willette, Rudy Gereau, Fred Popour Sr., Bob Sayenberg, Ronald Hescott, C. S. Shafer and

Doctors less than 25 years of age with less than 90 days of prior service also are particularly susceptible to induction under the proposed selective service legislation.

Colonel Moran expressed the opinion that the situation enables all unit commanders in the state to "select only outstanding applicants for enlistment."

Plans for the Upper Michigan recruiting drive, for the annual encampment at Camp Graveling and other National Guard matters were discussed at a meeting at headquarters in Marquette Monday attended by Lt. Col. William E. Milford, jr., Calumet; Major Leonard C. Ward, Menominee; Major James G. Ward, Jr., Escanaba; Capt. Edwin Kohn, Capt. Tony Battuelo and Lt. A. Torrance, all of Calumet; Capt. Carleton Babbs and Capt. Donald MacDonald, of Marquette, and Major Alfred Henderson and Warrant Officer Edward Soderberg, also of Marquette.

## Kellogg Officials Visit Stenbenson

Hugh Masters of the Kellogg Foundation of Battle Creek are visiting Stenbenson and the surrounding area today to become acquainted with the nature of the mid-county area which is participating in an experiment in community development.

He will be accompanied by Edgar Grim, State Director of the Community School Service Program.

Masters will speak at a public meeting in the Stenbenson school gymnasium at 8:30 o'clock on Monday. Reports of community progress will be made by the committee chairman.

James Blowers.

Senior Explorer Scouts were among the group who assisted the Cub.

Work on the foundation of Nahma's new community building started today. The structure, 150 by 114 feet, will be larger than the clubhouse which was destroyed by fire last winter. It will house the auditorium-gymnasium, bowling alleys, tavern, ice cream parlor - restaurant, restrooms, and a meeting room for organizations.

## U.P. Music Festival Is Very Successful; Students Rate High

"The music festival held in Escanaba Saturday was very successful and high school students of Upper Michigan showed them to be intelligent and cooperative," Prof. Sam Ham, festival adjudicator, has reported.

The festival, said Professor Ham, offers music students and teachers an excellent opportunity to know each other and their work. Educationally speaking, the festival is of immense inspirational value, both for students themselves and their communities.

Very fine choral work was presented at the orchestra and chorus festival and the event was very well-organized. One of the outstanding features of the festival was the Escanaba high school chorus under direction of Miss Jesse Wick.

Over 1500 students attended the festival; approximately 350 participated in the massed chorus concert and about 125 in the massed concert orchestra. A proportionately large audience attended the evening massed concert.

Albert Shomento, director of Escanaba public school music, was in charge of arrangements.

## Newberry Awarded Queen Of North 1948-49 Contest

Negaunee, May 10 (Special)—Newberry was awarded the Queen of the North contest for the 1948-49 winter sports season at the Upper Peninsula Winter Sports council meeting held here Saturday.

Escanaba representatives at the session were George Grenholm and Larry Girard.

Plans for the Upper Peninsula winter sports school were discussed, after a report of the project was made by Grenholm. The school will be held in Escanaba the second week in September, and field work in the various sports will be done in Marquette and Houghton counties.

The aim of the school, Grenholm explained, is to develop more communitywide recreation projects during the winter.

Organization of an Upper Peninsula Figure Skating association to coordinate figure skating throughout the U. P. and to pro-

vide for an inter-change of talent for the various community winter events.

George E. Bishop, secretary-manager of the U. P. Development bureau, is assisting the council in drafting a proposal to the state legislature for the procurement of more funds for winter sports promotion in the U. P.

### Student Government

ESCANABA high school seniors are taking over the management of the city government here today. Every municipal office, elective and appointive, is being filled by a student working in close cooperation with the duly established city officials.

This is not merely a stunt, but it is the climax of a study in democratic action to which the students have been engaged for a considerable period of time. It is a continuation of a program that has proved its worth in previous years, a program that is earning good dividends for the community in a more enlightened citizenry and a better understanding of municipal problems.

City government in a community like Escanaba is complex, embracing as it does not only such services as fire and police protection, sewage disposal and garbage collection but also the maintenance of four highly technical public utilities—water, electricity, gas and steam, plus such additional services as community recreation, park development, forestry, library facilities and operation of the municipal band.

Since good government and good citizenship must necessarily start at the local level, it is extremely important in a democracy that citizens know and understand their municipal government, how it operates and why. The high school students are learning that first hand.

The students who serve in various capacities of city government today will go back to their classes and present a full report on what they learned, so that all will benefit by their experience. Discussions carried on in the home will help to expand this knowledge.

### You Can't Win

TWO college boys, mathematical wizards, worked out a system that they were convinced would win large sums of money for them consistently on the gambling tables of Reno and Las Vegas. Last year the two boys tried out their system at Reno and they walked away with \$12,000 profit. At one stage of the game their profits were much larger but finally they began to lose. Being smart young lads, they decided to quit while they were in the plush.

The students tried their luck at Las Vegas this spring. Their first venture brought a profit of \$300, which hardly paid for their trip and for the long hours they spent on the roulette tables at the gambling casino.

And then they started to lose. Two successive attempts to beat the game returned a loss of \$800.

But, as we stated before, they are smart young men. They were still ahead of the game and by their own vow, they're going to stay that way.

"You can't win," the boys have decided. There are no sure fire system for beating the racket. The boys, Albert Hibbs of Chillicothe, Ohio, and Ray Walford, of San Diego, students of the University of Chicago, have given up gambling "forever."

It was luck, pure and simple, and not a system that brought them their original fortune. When luck deserted them, they started to lose.

At least they were smart enough to read the signs before they chucked back into the game all of their earnings. Plenty of predecessors were not so fortunate. Or not so smart.

### It Works Both Ways

ACCORDING to advices from Ottawa, Canada is in danger of losing her American tourist trade this year, which has amounted to as much as 200 million dollars or more annually.

The Maine Hotel association has adopted a resolution calling upon all American citizens to spend their vacation money this year in the United States. The resolution urges the American Hotel association and various state associations to exert every possible effort to influence the American vacationing public to keep its money at home in 1948.

The resolution, copies of which are going to every state, was prompted by the fact that Canada has radically restricted the exports of Dominion currency, in an effort to keep her money at home and to balance the foreign exchange which has been going against her since the close of the war.

It is agreed that if the action advocated by Maine interests is largely followed, the results may be disastrous to Canada's fiscal system. The expected flood of American cash would be the greatest aid to Canada's dollar-saving program. If it fails to materialize, in the hands of the ten million or more Americans who have been visiting Canada each summer, its loss would be a severe one.

Some Detroit and Cleveland interests in touch with the situation, have ventured the opinion that due to strikes, high travel costs and other factors, the next summer resorting season may be only a fair one, and that banner volume can hardly be ex-

pected, either in Canada or the U. S. However, the tourist jackpot means so much to the Dominion that every effort will be put forth there to counteract the "stay-at-home" propaganda of American interests.

### Airplanes For Defense

CONGRESS has approved by decisive margins legislation designed to modernize the Air Force in the face of uneasy world conditions. The goal is to achieve a 70 group peacetime armada by 1952. The action of Congress is designed to provide air expansion to counteract Russia's superiority in ground forces.

The enlargement of the Air Force is considerably larger than originally requested by Secretary Forrestal, who favored 55 groups and then later revised his recommendations to provide for 66 groups. The defense secretary, however, plumped heavily for an immediate draft law and UMT, the latter two proposals being received with less enthusiasm by congressmen.

The need for strengthening the Air Forces is readily apparent. It takes time to design, build and test new plane models and more time to gear aircraft production to military needs in times of emergency. The action of Congress in approving a 70 group Air Force and appropriating funds now to get started on that objective will buy time that may not be available at a later date. Air power is absolutely essential to national defense.

The decision to rebuild the Air Forces expresses the nation's realization of the troubled conditions that beset the world. It also serves as a warning to Soviet Russia that we shall not be caught napping if the Reds continue to rattle the sabers.

#### WAR ON RATS

(Menominee Herald-Leader)

Marinette is staging its annual rat killing campaign. When the Herald-Leader reported its operation, many Menominee persons who read the article telephoned Ralph Brown, Marinette city health inspector, and asked him if they couldn't get one of the poison baits being distributed free. They probably won't get any because Marinette persons will probably call for more than the 15,000 poison baits bought by the City of Marinette for \$165. The baits are in little paper envelopes which contain chocolate, meal and poison. The baits are placed in holes or other places which rats frequent. The envelopes are not opened, the rats do that. The poison does the rest.

The Lions club is sponsor of the annual rat killing in Marinette. It is to be doubted that Marinette (particularly after several years of organized rat-killing) has more rats than Menominee, but Menominee has been quite friendly toward its rats. It shouldn't be. It should organize as Marinette has done for their eradication. One of the reasons for inaugurating city government garbage collection in Menominee was control of rats. The control will not be effective without an eradication campaign and it can be done most efficiently on a community-wide organized basis. Here is a project for the Menominee Junior Chamber of Commerce or some other local service group. Financing should be by the city.

A crusading newspaper man has gone with the death of Chester H. Rowell at 80. Forty years ago California was in the grip of a corrupt machine. Rowell helped organize the Lincoln-Roosevelt League, of which he was the president. This made Hiram Johnson governor, and put through a program of legislation that left the old machine in permanent ruins. It was done while Rowell was editor of the Fresno Republican. He went on to edit the San Francisco Chronicle, and defied his old friend Johnson, a vehement isolationist, by serving for years as president of the California League of Nations Association. In 1940 he received the Theodore Roosevelt medal for "distinguished public service as a private citizen." In recent years he had cut his work down to writing as a columnist.

Rowell could say with pride that he left California a better state than he found it.

A London woman gave birth to three sets of twins in seven years. The report says she's doing well. We'll say!

#### PET SPEECH PEEVE

Mrs. C. H. Harrison, Huntington, W. Va., sends her Pet Speech Peeve for which she will receive an autographed copy of my Practical Handbook of Better English:

"Today on an N. B. C. noon broadcast, the news commentator said several times, 'This has been an unique day.' Can it be that our schools do not teach the proper use of the indefinite pronouns any more? At any rate, 'an unique' is my Pet Peeve."

Mrs. Harrison has placed her finger on a rather common error. It results from misunderstanding the rules for "a" and "an." The rules are:

(1) Before words beginning with a consonant sound, use "a."  
(2) Before words beginning with a vowel sound, use "an."

Now we should note carefully that the rules speak of a "consonant sound," a "vowel sound."

It is a peculiarity of English that there are certain words like honest, honor, hour in which the initial consonant "h" is silent. The words, therefore, begin with a vowel sound as if they were spelled "onest, onor, our." This is why we say an honest man, an hour, an honor.

There are certain other words like unique, union, united that begin with a vowel which actually has the sound of the consonant "y," as if the words were spelled "yunique, yunion, yunited." This is why it

## World Events Analyzed

BY PETER EDSON

Washington. (NEA) — Ely Culbertson, the bridge expert, is about to take a trick in international relations. The main points of his ABC plan for reforming the United Nations Charter are now before Congress in current resolutions introduced by 16 senators and 14 congressmen. The House Foreign Affairs Committee has opened three weeks of hearings to give these resolutions serious consideration.

Childs

Everybody laughed when Culbertson showed up at the San Francisco Conference to draft the UN Charter three years ago. "There were 2000 official civilian consultants at San Francisco," says Culbertson. "I was the unofficial consultant."

He had been studying world peace organization since 1940. He had written a book about it. He said at San Francisco that the Charter adopted wouldn't work. He thinks events since then have proved him right. There were three principal things wrong.

The three things proposed to correct them make up the ABC plan for UN reform:

A—Eliminate the Security Council veto on all matters relating to aggression, armaments or admission to the UN.

B—Control atomic weapons as proposed by the United States and limit heavy armaments by a Quota Force Plan (QF) giving the U. S., U. K. and USSR each 20 per cent, China and France each 10 per cent, and all others a total of 20 per cent.

C—Establish an effective world police force made up of volunteers from small nations and their heavy arms, backed by reserves of the five major powers.

#### ORGANIZED GROUP FOR UN REFORM

After San Francisco, Culbertson organized CCUNR — Citizens Committee for United Nations Reform, Inc. Culbertson booked himself with a lecture bureau and went out to the grass roots. People who came out of curiosity to see a bridge expert stayed and became convinced he was no dummy hand at foreign affairs.

In the first year, Culbertson made about 150 talks. Middletown, Ohio, gave him his first good break in June, 1944, at a town meeting attended by 1800. Culbertson spoke. The meeting then passed the first resolution endorsing the ABC plan.

At the same time the government of Panama doesn't want its citizens to vote more than once, so they dip the voters' fingers in indelible ink and shave a patch of hair off his wrist so he will be recognized if he comes back for a second try at the polls.

"Thought you might enjoy reading about some of the quaint election customs in Panama," writes Mrs. Joseph Boyer, the former Marion Strahl. Mr. and Mrs. Boyer moved from Escanaba to Curundu, Canal Zone, more than a year ago and plan to come back on vacation this summer. Attached to the letter are several Panamanian balloting.

Backed EXCEEDED HIS HOPES  
Culbertson had hoped to get about six senators and eight representatives to back a resolution calling for UN reform. He ended up with 16 senators and 14 representatives, from both parties. They include Senators Ferguson, Baldwin, Ball, Byrd, Flinders and Tobey; Congressmen Judd, Hays, Colmer, Hale, Kefauver, Mundt and Nixon. A score more are willing to back the 30 original sponsors.

The plan does not call for a new conference of nations. It merely directs the president to work for the ABC reforms within the present UN. If Russia vetoes them, then a new UN could be set up across the street, says Culbertson.

"There isn't any use trying to appease Russia, oppose Russia with a war or 'contain' Russia as State Department policy now calls for," Culbertson tells his audiences. "Russia likes the United Nations the way it is now, with the world divided so she can control it." He says the only hope is to reform the UN now and make it work before it's too late.

"The ABC plan"—it isn't his plan, Culbertson insists—"isn't perfect, but it's like the Culbertson bridge system. It's the best bad plan so far produced. It's specific. "We—the American pops and moms—are going to win. I'm an expert on odds. Our odds are now 2 to 1 that we put this over in a year. I have an 18-year-old son in M. I. T. The odds are 10 to 1 against this boy's survival in 10 years if the United Nations can't be made to work."

is correct to say a unique day, a union official, a united front.

Our news commentator obviously failed to distinguish between words beginning with a vowel and words beginning with a vowel sound; hence his mistake of saying "an unique day."

A similar misunderstanding has resulted in the use of "an" before such words as "historic, historical, hotel," a form common in England, but not good usage in America, although quite a few people believe that "an historic event" is the acme of perfect English.

But that is a story that is too long and involved for this brief space. However, all the rules governing "a," "an," and "the" are explained simply and clearly in my leaflet, C-12, which is especially well suited for classroom use.

If you wish a copy of Mr. Colby's leaflet, C-12, send a stamped, self-addressed envelope and five cents in coin to him, in care of Escanaba Daily Press, P. O. Box 99, Station G, New York 10, N. Y.

QUAINT ELECTIONS — Citizens of Panama must vote in each election or they are unable to get a job or to work in that country. Voting is compulsory. If your cedula (identification card) isn't properly stamped at each election you face a jobless future.

Dunathan

At the same time the government of Panama doesn't want its citizens to vote more than once, so they dip the voters' fingers in indelible ink and shave a patch of hair off his wrist so he will be recognized if he comes back for a second try at the polls.

"Thought you might enjoy reading about some of the quaint election customs in Panama," writes Mrs. Joseph Boyer, the former Marion Strahl. Mr. and Mrs. Boyer moved from Escanaba to Curundu, Canal Zone, more than a year ago and plan to come back on vacation this summer. Attached to the letter are several Panamanian balloting.

THE VACANT CHAIR — Mrs. Boyer writes that she caught up on the Escanaba municipal election, in which the city elected three councilmen with the assistance of a recount, by reading 13 Daily Press papers that came all in one mail. She still thinks our troubles are slight compared with the elections in Panama. Running for office seems to be a popular pastime down there, and in a recent election there were 414 vacancies for councilmen—and 5,040 candidates!

Every election is a period of high excitement, with usual social and commercial life giving precedence to politics. Mrs. Boyer's laundress reported: "I'll come on Wednesday unless they stop running the buses on account of the revolution." Election and revolution are almost synonymous.

CLOSE SHAVE — Newspapers in the city of Panama reported that the election of the councilmen was held without disturbance, although some stores boarded their windows. The report continued:

"Each voter today was required to display his cedula (identification certificate) before being allowed to cast his ballot."

"To prevent citizens from casting more than one ballot, the index finger of each voter was dipped in indelible ink and a nine-centimeter portion of the left forearm shaved. The right forearm of voters will be shaved next Sunday for the presidential election."

SPECULATION — A columnist in a Panama newspaper declared that the decision to shave some hair off the voter's arm was the result of the Panama election jury's conviction that the ink which had been provided for the purpose of staining the citizen's index finger was not indelible as required by law.

"Although the proposal was received with some hilarity and was the basis for innumerable jokes, this novel method of averting fraud has considerable merit — except of course in the case of voters who do not have hair on their arms!" he observed.

### INTO THE PAST

Ten Years Ago

Escanaba — Rev. James G. Ward won the three-day chess tourney held at the Escanaba Country club.

Munising — Mr. and Mrs. Aldor Barnes are the parents of a son born May 6 in Munising hospital.

Escanaba — Ida Grunditz and J. W. Larson and daughter Hilma left last night for New York where they will board the steamer Drothningholm for a several week visit in Sweden.

Manistique — Mac Fowler has arrived from Cheboygan, Mich., to spend the summer here with his wife and child.

Gladstone — C. E. Krout and son Cleve left last night for New York where they were called by the serious illness of Miss Virginia Krout, a student nurse in Cumberland hospital.

Twenty Years Ago

Gladstone — Henry DeHooghe has arrived from Chicago, called by the serious illness of his mother, Mrs. Peter DeHooghe.

Gladstone — Miss Charlotte Silvers has returned from Beverly Hills, Calif., where she spent the winter.

Manistique — Mr. and Mrs. Isaac Gaudreau have moved to Seul Choix where they will spend the summer months.

Escanaba — Miss Ida Stenstrom, a junior in Aurstana college in Rock Island, Ill., has been re-elected president of the Borean Bible class of the college.

which his first proposal was that people with hairless arms should have their left eyebrow shaved off for the municipal elections and their right eyebrow in honor of their presidential choice.

"But, he said, a much more satisfactory method would be to cut off the left ear on May 2 and the right ear on May 9 — or why not amputate a finger of the left hand, then one from the right, or even remove the whole hand?"

"Becoming involved in his own suggestions, the commentator came to the conclusion that the most democratic method would be to leave a sharp knife in the voting booth—and let the voter himself decide both the name of his candidate and which part of his body he would amputate to prove that he had exercised the right of franchise."

DELICATE — The Panama City columnist also reported that he had, while driving to work, stopped to give a ride to a young woman. She was, he said, in an "interesting" condition, which indicates that Latin Americans are capable of a fine choice of words. Arriving at the polling place, she produced her own small razor for use in shaving the spot on her arm, explaining that she did not want to risk the possibility of disease by having a razor touch her skin that had already touched several thousand other arms. "I've got to think of my baby," she said.

SEARCH AND SEIZURE — Election scenes pictured in the Panama newspapers are interesting. There is one that shows a leading candidate for president of the Republican of Panama having his arm shaved, and another pictures him "being searched by a policeman on entering the polling booth."

Just what the candidate might take into booth with him besides a razor index finger, ballot box and the ballot was not mentioned. Panamanians apparently go on the theory that an ounce of prevention is worth a pound of re-ventions

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—No. 1 industry in the nation's capital has now become lobbying. Despite the lobbying act, the hotels, the cocktail lounges, the corridors of Congress now swarm with more of these oleaginous backslappers than during the war. Standing out above the rest is the oil lobby—king-pin of them all.

Pearson

The oil lobby has just scored one great victory—Palestine—about which more later. Now it's concentrating on perhaps the richest of all prizes — tidelands oil. Tidelands oil, the great continental shelf extending under the water off the Pacific and Gulf coasts, is estimated by some as more valuable than Arabia and the oil fields of the United States combined. Around 100 billion barrels lie buried in these underwater oil fields, as against only 20 billion barrels remaining in the dry-land oil fields of the United States.

"The petroleum resources of the continental shelf are ours to exploit whenever to exploit them becomes worth while," said Standard Oil in a statement to stockholders. And since the supreme court now takes a contrary view that the continental shelf belongs to the federal government, not the states, the oil lobby is focusing all its power on a bill introduced by Senator Moore of Oklahoma, himself an oilman, which would reverse the supreme court.

Having reversed the United Nations on Palestine, the oil lobbyists quite openly boast that they can put a law through Congress reversing the highest tribunal of the land.

#### THE LOBBYIST ARMY

Like a well-organized army, the oil lobby operates through a front-line commander, shock troops, deputy commanders, plus psychological warfare agents, financial backers, and camp followers.

Front-line commander — is Senator Ed Moore, Oklahoma Republican, who made millions out of oil, is about to retire from the Senate, doesn't care what the voters think of him, and has introduced bill 1923 turning the continental oil shelf of the United States back to the states—chiefly to California and Texas. Senator Moore was able to afford a \$25,000 contribution to Senator Pappy O'Daniel's radio fund in 1944.

Shock troop commander — is Walter Johnson, attorney general of Nebraska, who draws a salary of \$1,500 a month from the oil lobby and spends part of his time in Washington directing its legislative battle, despite the fact that he is supposed to be attending to the law business of Nebraska.

Just why Nebraska, a land-locked state, with no oil lands remotely near the sea, should be so interested in the tidelands-oil bill, is difficult for the average person to understand. The reasons and ramifications will become evident later.

Deputy shock troop commander—is William W. Clary, assistant attorney general of California. Although working for the state of California and paid \$6,500 a year by the taxpayers of that state, Clary also works for the law firm of O'Maloney and Myers which in turn represents 23 oil & utility companies, most of which will profit from tidelands oil. A lush bonanza of \$270,000 in attorney fees was dropped into the lap of Mr. Clary and his associates by various clients last year, and Mr. Clary explains that he pays his salary as a state official into his law firm's kitty, splitting it with his partners.

How these state officials can get away with working for their state governments and for the oil companies at one and the same time is not only interesting but indicates why the oil companies are so anxious for state control of tidelands oil. State officials will be so nice and easy to get along with.

#### JAILED AS GERMAN AGENT

Psychological warfare chief—is Dr. Edward A. Rumely, once jailed for concealing his operations for Germany during World War I, later pardoned, and now amazingly and sanely successful at enticing all sorts of people to put money into the tidelands-oil fight.

Rumely employs a staff of 50 people to shovel out propaganda to the American public, and has a neat game whereby big businessmen can buy up his literature for so-called "educational" purposes and send it to schools and colleges. This makes it deductible from income taxes.

Rumely has done a skillful job of decoupling an unsuspecting public with propaganda, especially doctors and lawyers, and many people have fallen for it.

#### THE CAMP FOLLOWERS

One of Rumely's camp followers and assistant propagandists is amiable Homer Dodge, ex-Washington newsman, frequently seen in the National Press Club, and who drew \$2,073 from Rumely's committee for constitutional government during the last three months of 1947.

Another deputy in the army of oil-lobby propagandists is able Eugene Kelly, another ex-Washington newspaperman, who was hired by Attorney General Fred Howser of California at \$500 a week. Admitting this to a Senate committee, Howser explained:

"The money has not been appropriated nor have I obtained it from the state of California. I must go home and get it for him."

Howser did go home, and did get the money appropriated—\$43,000 by the California legislature. However, when it was reported that \$25,000 of this was "earmarked for lunches and entertainment of congressmen," California congressmen raised Cain and Governor Warren, in the end, vetoed the bill.

This leaves Attorney General Howser, Eugene Kelly and some of the other eager battlers in the army of tidelands oil, with a big hole in their pockets — at least theoretically.

## Spiritualists Hear Valentino's Spirit But Newsmen Don't

Hollywood (P)—It was pretty much up in the air Friday whether the spirit of Rudolph Valentino returned.

Thirty spiritualists who attended an hour-and-a-half long seance at Falcon's Lair, once the home of the late screen actor, professed to having received messages from Valentino.

A score of newsmen present agreed they failed to note any spiritual manifestation.

Guest of honor at the seance was the venerable Lokanatha, Buddhist missionary who, garbed in a golden robe, sat impassively through the proceedings.

The occasion was the 53rd anniversary of the birth of Valentino who died in 1926.

The 30 mediums, seated in a circle around a table, called upon Valentino to make his presence known.

Then, according to the mediums, the table began to sway and tapped messages were received.

In response to a request one medium said she received from Valentino, those present sang "The Sheik of Araby."

After that, the seance broke up.

## Congress Studies Bill To Jail Newsmen Who Print Capital 'Leaks'

By WILLIAM F. ARBOGAST

Washington, (P)—A swift test shaped up in Congress Wednesday over the idea of putting newsmen in jail for printing confidential information "leaked" to them from House or Senate committees.

A bill containing that idea may be taken up in the House before the end of this week.

But there appears to be little chance that the jail-for-reporters provision will stick.

At least two members, Reps. Brown (R-Ohio) and Price (D-Ill.), said they will offer amendments to strike out the provision.

Speaker Martin (R-Mass.) told newsmen "the press has nothing to fear from this Congress."

The provision is part of a bill drafted by the House expenditures committee as a result of the Commerce Department's refusal to turn over to the Un-American activities committee data it wanted for a loyalty investigation.

Other departments in the past also have refused to furnish information to committees, on the ground that the legislative branch of the government has no right to pry into the executive branch on confidential matters.

The legislation would require executive departments and agencies to make available to congressional committees any information the committees decide they need to perform their duties.

To counter the contention that frequently the information is confidential, the bill says that a majority vote of the committee would decide whether to make any or all of the information public or to keep it confidential.

Regarding the part deemed to be confidential, the bill says: It shall thereafter be unlawful

for any member of said committee or any employee thereof or any other individual obtaining knowledge of such information because of the disclosure of such information to said committee to divulge or to make known in any manner whatever not provided by law to any person any part of the information so disclosed to said committee x x x."

Violators could be fined \$1,000 and sent to prison for one year. Chairman Hoffman (R-Mich.) of the expenditures committee admitted to the Rules committee at a hearing which cleared the measure to the House floor that the wording is broad enough to apply to newspapermen. Other expenditures committee members insisted it was not aimed at the press but was intended to prevent

news leaks for committee members themselves.

They conceded, however, that it would affect reporters, who frequently obtain from committee members tips on what goes on behind closed doors, with the understanding the informant is not to be identified.

Brown said he will offer an amendment to make it clear that newsmen shall not be punished for obtaining news in any manner from congressional committees.

"We must make it certain that the committee member who gives the leak is the one punished, not the reporter he leaks the news to," Brown said.

Price added: "This is nothing more nor less than an attempt to set up a censorship of what goes on in congressional committees."

Price said he is confident the House will not allow the provision to remain in the bill.

### Nahma

#### Cub Scout News

Cub Pack 422 held its monthly meeting, Friday April 30, at the Nahma school. Representation by parents and friends was most gratifying. Among the out-of-town guests were Mr. and Mrs. Denis McGinn and son of Escanaba.

Following the opening ceremony which consisted of singing "America" by all present, each den put on a short pantomime skit dramatizing some legend or famous tradition. As the theme for April was "Legends and Traditions," each den's act climaxed four den meetings of preparations. Den 1 presented "The Legend of Sleepy Hollow"; Den 2 presented Treasure Island and Den 3 presented Robin Hood.

After the presentation of these acts and while the Cubs had their separate meeting, the regular parents meeting was held and various phases of the Cubbing program were discussed. May 8th was set as the date of the first tree planting by Cub Pack 422 under the sponsorship of the Escanaba Daily Press Trees Forever program. All Cubs with their

dads are to meet at the Civic Center at 1:00 p. m. and from there go to the planting site. Each parent-son combination is to bring a sand shovel and an old pail, as well as a lunch. Trees are to be planted under the direction of the U. S. Forest Service and the formal dedication will be made by representatives of the Escanaba Daily Press. It is anticipated that 1000 trees will be planted this year and this program will be carried on as an annual project.

The theme for May was discussed next. The theme being "Indians", parents were advised as to what their sons would probably be needing in equipment etc., to carry out an interesting program at the next pack meeting. Following this separate parents' meeting the Cubs then joined their parents and the main part of the meeting began without delay.

A candle light ceremony preceded the induction of a new den. Den 4 consisting of four boys from St. Jacques. Willard Clement, Gary Groleau, Wade Groleau and Aaron Sanford together with their parents were inducted in Pack 422.

Advancements were also awarded the following Cubs and parents:

Rennie Kuchenski, Wolf award with gold and silver honor arrows.

Howard Hebert, Silver honor arrow on wolf badge.

Duane Popour, Bear award with gold honor arrow.

James Zimmerman, Lion award with gold honor arrow.

James Zimmerman also received the Webelos award which is the highest award in Cubbing and the only Cubbing badge which may be worn on the Scout uniform. Following this ceremony James Zimmerman was again called forward and together with his parents this family was graduated from Cub Pack 422 into Scout Troop 421. Mr. Joseph Labadie, Scoutmaster of Troop 421 was present and received the graduating Cub and his parents with appropriate ceremony.

All Cubs of Pack 422 received their re-registration certificates and all those who had advanced one rank during the past Cubbing year received their service stars.

## St. Louis Daily Again Wins Pulitzer Award

New York, (P)—The St. Louis Post-Dispatch Monday won—for the third time—the Pulitzer Prize for American newspapers.

The paper, which won the award in 1937 and 1941, was selected as the newspaper rendering "most disinterested and meritorious public service" in the past year.

It was cited for its coverage of the Centralia, Ill., mine disaster, and its subsequent campaign which led to "impressive reforms in mine safety laws and regulations."

Pulitzer Prizes for 1948 also went to "Tales of the South Pacific," a novel by James A. Michener, and to "A Streetcar Named Desire," a play by Tennessee Williams.

The novel, based on Michener's experiences in the Pacific during the war, was chosen as the most distinguished fiction written in this country in the past year.

Williams' play, a Broadway hit which also won the New York drama critics' circle prize, deals with the degeneration of a neurotic girl in New Orleans. It was picked as the best original American play.

The prizes were among 14 Pulitzer awards announced by Dr. Frank D. Packenthal, acting president of Columbia University.

It was the 31st year in which the awards have been presented annually for outstanding work in the fields of journalism, literature, music and art.

Individual winners of prizes re-

ceive \$500 each. The winning newspaper receives a gold medal valued at \$500.

The awards were provided for in the will of Joseph Pulitzer, former publisher of the New York World and St. Louis Post-Dispatch.

Pulitzer, who also founded Columbia's graduate school of journalism, left the university \$2,500,000 for perpetuation of the awards.

1948 winners in the field of letters:

Most distinguished book of history of the United States—Bernard DeVoto, for his "Across the Wide Missouri."

Most distinguished American biography—Margaret Clapp, for her "Forgotten First Citizen: John Bigelow." The author, a native of East Orange, N. J., was graduated from Wellesley college in 1930, and received her doctor of philosophy degree from Columbia in 1946.

Most distinguished volume of verse—W. H. Auden, for his "Age of Anxiety."

The prize for music was won by Walter Piston, a native of Rockland, Me., and professor of music at Harvard university. He won the award for his Symphony No. 3, performed for the first time by the Boston Symphony orchestra last January.

In the field of art, Philip Anthony Moore, 27, a free lance New York City portrait painter, was named to receive a \$1,500 scholarship as the art student certi-

fied by the National Academy of Design at "the most promising and deserving" in the country.

In the journalism field: Distinguished example of local reporting—George E. Goodwin, staff writer of the Atlanta, Ga., Journal.

Goodwin, 30, a graduate of Washington and Lee university, won the prize for his stories exposing vote frauds in Telfair county, Ga., in the general election of Nov. 5, 1946.

Distinguished reporting on national affairs—Awards won by Bert Andrews, chief of the New York Herald Tribune's Washington bureau since 1941, and Nat S. Finney, of the Minneapolis Tribune.

Andrews won the prize for a series of documented stories telling how a state department employee was dismissed after an FBI investigation without being informed of the nature of the charges against him.

The award to Finney was made for his stories describing a Truman administration plan to impose censorship on ordinary activities of federal civilian agencies in peacetime. Finney also won this year's Raymond Clapper award.

Distinguished example of reporting of international affairs—Paul W. Ward, 42, correspondent for the Baltimore Sun, for a series of articles on life in the Soviet Union.

Distinguished editorial writing—Virgil Dabney, 47, editor of the Richmond Times-Dispatch, for general editorial writing.

Dabney was cited for writing editorials with a "clearness of style, moral purpose, sound reasoning and power to influence public opinion."

Distinguished example of a cartoonist's work—Reuben L. (Rube) Goldberg, 64, of the New York Sun.

He won the prize for a cartoon called "Peace Today" which showed an American family living on an atomic bomb perched on the edge of a precipice. Goldberg is widely known for his cartoons displaying complicated contraptions which could be used for accomplishing simple purposes.

Outstanding example of news photography—Frank Cushing, 32, of the Boston Traveler, for his photograph entitled "Boy Gunman and Hostage."

The picture showed a 15-year-old delinquent using another frightened boy as a shield while he exchanged shots with police in an alley.

The awards were made by the trustees of Columbia on recommendation of an advisory board of the graduate school of journalism.

Fourteen members of the American Society of Newspaper Editors recommended several entries in each journalism class to

MAN DIES HEREFuneral Rites Here On  
Tuesday Afternoon

Funeral services will be held Tuesday afternoon at 2:30 o'clock at the Morton Funeral Home for Everett Kimball, 73, for many years a resident of Newberry who died Saturday morning at the home of his daughter, Mrs. Merle Archey, 412 Delta avenue. The rites will be conducted by the Rev. Paul Sobel and burial will be in Fairview cemetery.

Mr. Kimball was born in Whitehall, Mich., on March 7, 1869 and came to this area in his youth. He was for many years engineer at the Barrett Mill at Newberry and in his declining years moved to Manistique to live with his daughter. His wife preceded him in death several years ago.

Surviving him are a son, Marvin, of Sheboygan, Wis.; three daughters, Mrs. Merle Archey, Mrs. Pearl Swanson and Mrs. Marvel Anderson, all of Manistique; a sister, Mrs. Blanch Truman, Puyallup, Wash.; and thirteen grandchildren.

## CARD OF THANKS

We wish to express our heartfelt thanks to everyone—ex-servicemen, friends and neighbors—for their kindness and thoughtfulness during the recent funeral of our beloved son and brother, Sgt. Roy Peterson. What you did was a great comfort to us and we assure you that it will always be gratefully remembered.

Mrs. Freda Peterson  
and Family.

CARS CRASH  
NEAR THOMPSONCar Without Lights Is  
Hit From Rear

Two cars were damaged and one person was injured in a motor accident Friday night on Highway U. S. 2 about one and one-half miles west of Thompson.

Edna Smart, of West Allis, Wis., was motoring east when the lights of her car suddenly burnt out necessitating her driving slowly and with extreme care. A second car, heading in the same direction, driven by Alfred Kristofferson, Garden avenue, Manistique, approached the disabled car just as an oncoming car from the opposite direction approached them. Kristofferson, blinded by the lights of the other car did not see the one just ahead of him and the crash resulted. Both cars suffered considerable damage.

Edith Kristofferson, 16, received cuts and bruises about her head and was treated at the Shaw hospital.

Homemaker Clubs  
Well Represented  
At Germfask Meet

One hundred Homemakers and their husbands gathered at the Germfask Community Building, at Germfask, Thursday evening, for their Spring Achievement Program.

Featured on the program was a talk and movies on Guatemala by Mrs. Dorothy Shipman, Manistique Librarian.

Other features of the program were a pot luck supper, a display of different work done during the year, and a short business meeting. Miss Opal Robinson, assistant state home demonstration supervisor from Marquette, briefly outlined the events of Homemakers' Camp and the Upper Peninsula State Fair, Mrs. Frank Arrowood, county chairman, told of her trip to Jackson's Mill, West Virginia last fall. Two vocal selections were given by Sonya Willson, Lola and Mary Lawrence, accompanied by Miss Ruth Parsons.

Eleven of the twelve clubs in the county were represented at the achievement program. The clubs are organized among the rural and city homemakers in the county to keep the housewives abreast of the latest developments in the home economics field. Individuals or groups interested in joining in this work may get full details from the County home economics chairman, Mrs. Frank Arrowood, or from the County Extension Office, located in the Post Office building.

FEMINE MARKSMEN—Small bore shooting has gained in popularity here with the so-called weaker sex and each week a number gather on Thursday evening to practice and get new pointers, usually from some member of the

RIFLE LEAGUE  
STARTS MAY 174 Teams Now Entered,  
More Anticipated

Four teams already have been entered in the small-bore outdoor rifle league which is being organized by the Gladstone Rifle and Pistol club and others are expected to enter the competition during the coming week.

George Minne, club secretary, said that a large number of teams was desired in order to make the competition keener. The league, which will be limited to intra-club shooting, are expected to stimulate interest in small-bore shooting.

Shooting will be from prone position at 50 and 100 yard ranges.

The four teams entered so far include the Huarthey, Alrays, Marble Arms and Plywood. The first two named will shoot on Monday, May 17, at 6:30 o'clock. The second two will shoot on Tuesday evening, starting at the same hour. The Alrays is an all-girl team.

The teams and their rosters: Huarthey—Francis Shampo, capt., Ray Louis, Lloyd Seeley, Harold Jesse, Hilding Norstrom, Joseph Cretton, Gordon Kelley and George Minne.

Alrays—Jane Tufnell, Shirley Martin, Agnes Cannon, Judy White, Mrs. Lloyd Seeley, Luwanna Seeley, Tudie DuRoy, E. Minne and B. Peterson.

Marble Arms—Jack Snouwaert, Charles Snouwaert, Vernon Long, Harold Mackie, Robert Louis and Warren Brown.

Plywood—William Ludick, capt., Clarence Royer, Albert Bratonia, Stanley Petrovich, Alfred Rabitoy, Jack Forvilly, James Cole and Einar Berg.

Hit-Run Driver Jailed Over Week-end

Three visitors from Belding, Mich., who have been vacationing at a cabin at Brampton, were taken into custody by Michigan State Police after their auto hit one driven by Shirley Warner of Nahma on North Ninth street Saturday evening and failed to stop.

The accident was reported to the police post and the men's coupe with damaged fender was found near a local tavern and the three occupants were found inside.

The men are Harry Weiland, Nathan Coleman and Stanley Thompson, all of Belding. They had been staying at the Coleman cabin at Brampton.

All three were lodged in the county jail and will be arraigned Monday, Weiland for reckless driving or on a hit and run charge and Coleman and Thompson for disorderly conduct.

Weiland cut in too quickly when passing Warner's auto and tore the left front fender from the vehicle.

A second accident was investigated by State Police Saturday evening. It occurred about 3 p. m. at the junction of County Road 511 and US-2 when Hilding Brannstrom of Ensign, driving west, attempted to turn south off the main highway onto the county road just as Ernest Ellis of Ann Arbor, enroute to Iron Mountain, was about to pass.

Brannstrom's auto was struck and hurled down an embankment. It was damaged beyond repair. Brannstrom miraculously escaped with only a slight bump on the head. Damage to Ellis' car, a 1947 model, amounts to several hundred dollars. He was uninjured.

Brannstrom was ticketed for making an improper left hand turn.

WILL CONSIDER  
BUDGET MONDAYPublic Hearing To Be  
Held This Evening

Public hearing on the 1948-49 budget is to be held at a regular meeting of the city commission this evening at the city hall.

The budget introduced by City Manager H. J. Henrikson at the last meeting of the commission estimates expenditures for the current fiscal year at \$120,576.00 of which \$33,440.00 would be raised by taxation.

Based on the same total assessed valuation as last year, \$2,941,470.00, the tax rate would be \$11.40 per one thousand dollars assessed valuation.

It is expected that the total valuation will be somewhat higher this year than last.

While estimated expenditures are about \$18,000 more than a year ago the increase in local taxes is set at but \$2,300.

Other budgetary increases are expected to be cared for from increase in revenue from sales tax diversion, gas and weight tax refunds and light utility surplus.

## Connie Mack's 86th Year---It May Be His Happiest!

By Joe Reichler  
Associated Press Sports Writer

This is kindly old Connie Mack's 86th year—his 64th in baseball—and it promises to be one of his happiest.

The venerable manager of the patched-up Philadelphia Athletics, who has experienced innumerable thrills in his 48 seasons as boss of the same club, must be having the time of his life watching his "castoff crew" make monkey out of the so-called elite of the American league.

Only a mathematical oddity keeps this much-abused outfit from occupying first place in the American league. After yesterday's double victory over the Detroit Tigers, 10-5 and 5-3, which boosted their winning streak to eight games, the Athletics actually lead the first place Cleveland

Indians by a half game. The percentage table, however, shows the Indians in front by eight points.

Here is why. Cleveland, with two triumphs over the Red Sox in Boston yesterday, 4-1 and 9-5, has won 10 games and lost four for a .714 percentage. The A's have won 12 and lost five for .706. The New York Yankees, in third place, have a 10-6 mark, a game and a half behind the Athletics, but only one game back of the leading Indians. The Yankees drubbed the Chicago White Sox 8-0.

The Indians surprised the Boston Red Sox by coming from behind twice to capture their doubleheader. Trailing 1-0 on Ted Williams' fourth-inning home run, the Indians drew even in the next stanza when Ken Keltner connected for the first of his three

home runs. Keltner's second four-base knock came in the 10th inning and sparked a three-run rally which enabled Bob Feller to gain his third victory of the season.

Williams' second home run of the day and seventh of the season gave the Red Sox a brief 5-2 lead in the second game, but the Indians came back with three-run trippers to win.

The St. Louis Cardinals moved into first place in the National league. They pushed a half game ahead of the New York Giants by downing the Boston Braves, 6-4, while the Cubs were shutting out the Pirates to a 10-8 nightcap decision.

Frank Shea held the White Sox hitless for six and two-thirds innings, to record his first shut-out and second win. A single by Bob Kennedy ended Shea's dream of a no-hitter. Charlie Keller,

George McQuinn, Billy Johnson and Tommy Henrich poled home runs for the victors.

Washington turned back the St. Louis Browns, 3-1, to move into fourth place in the American league.

The third place Pittsburgh Pirates remained a game off the pace in the National league by dividing a doubleheader with the Brooklyn Dodgers at Forbes field. The Dodgers won the opener 14-2, as Pee Wee Reese knocked in six runs with three hits, including a grand slam homer. Ralph Kiner swatted his fourth and fifth round trippers to lead the Pirates to a 10-8 nightcap decision.

The Philadelphia Phils clubbed the Reds twice in Cincinnati, 14-2 and 8-0, as Lefty Ken Heintzelman registered his second straight shutout.

## FRANK EVANS IS PRESIDENT

Iron Mountain Second By 22 Votes

Marquette, May 10 (Special)—Menominee was awarded the 1949 Upper Peninsula Bowling association tournament by the slim margin of 22 votes. Iron Mountain was second in the voting, and Ironwood third.

Ballots were counted at the annual business meeting of the organization here last night at the close of competition in the 38th annual tournament. Menominee polled 1,001; Iron Mountain 979 and Ironwood 670. Eleven ballots were blank.

Frank Evans, Menominee, was elected president. Wally Isenberg, Marinette, was named vice president and Jerry Merchert, Peshigo, was elected secretary.

The 38th annual meet was lauded as "one of the most successful and not the most successful" ever held. Gene Longtime, Marquette, manager of the event just concluded, was commended for his tireless work in building up and managing the affair.

Carl Sawyer, Escanaba, an ABC director, said Longtime did a splendid job this year.

## Central Prep Baseball Slate Revised; Reds Here Thursday

### Chicago Fans Can Take Hal Or Leave Him

By Hugh Fullerton, Jr.  
New York, May 10 (AP)—The Metropolitan collegiate baseball conference deserves congratulations for disqualifying seven players on three teams as being slightly tainted by professionalism. That's a tough decision to make when they're trying to build up college baseball. Likewise it might be argued that a kid who tried out unsuccessfully with a Class "D" team hardly is a pro... but that's the way the rule reads and the mets are sticking to it. In the past there has been so much winking at similar violations in college baseball and basketball that some coaches seemed to be going around with one eye permanently closed. Sugar Ray Robinson is planning to stage a \$2,500 open golf tournament—which isn't much sugar the way the pros look at it... The Newark Bears' Bob Porterfield developed his pitching arm by throwing corn cobs at a barn door. Presumably if he made a poor pitch he'd exclaim "aw shucks."

### Krumske Stands To Win \$8,000 In Side Attractions At ABC

Detroit, May 10 (AP)—The big money from the American Bowling Congress and side attractions looks like it might be in a Chicagoan's pocket already.

All of \$8,000 will go to the veteran Paul Krumske, former National Match Game champion, if his luck holds. And he can win this without an ABC title.

Krumske fired a dazzling 221 average to go into first place in two of the major side tournaments and is in second spot in a third.

The Chicagoan rolled 1,130 on games of 247-192-231-236 in the National Bowlers Journal championships and stands to win \$3,000. He then hit 1,305 for six games in the Detroit Recreation Tourney on games of 203-213-211-237-231-210. First place there also has a \$3,000 tag.

Last week Krumske scored 1095 in the Automobowl Classic for second place, which is worth \$2,000.

In comparison the ABC's top prizes are \$2500 in the team event, \$1,000 doubles, \$500 singles, and \$1,000 all-events.

For seven days the ABC has gone without a change in the lists of "high ten" leaders. The 80-day tournament closes May 29.

The Central High School Baseball conference schedule has been revised because of several postponements caused by conflicts of athletic and other events in the busy high school spring season.

The Escanaba high school Eskymos' game with Ishpeming here tomorrow has been postponed until Monday, May 17, and games on successive days with Marquette Wednesday and Thursday have been scheduled, Jim Rouman, Eskymo coach, announces.

Escanaba will play at Marquette Wednesday, and the Marquette Reds will play here Thursday.

Rouman said he would use the same lineup which opened with a 3-2 win over Negaunee in the only game played to date.

Pitching duties will be shared by Ray Berndt, Gilbert Prevost, Irving Matthews and Budd Weber. Whenever Berndt is not on the mound, he will take over an outfield or infield post because of his all-around value to the team.

The new schedule follows:

May 12, Escanaba at Marquette  
May 13, Marquette at Escanaba  
May 15, Escanaba at Ishpeming  
May 17, Ishpeming at Escanaba  
May 18, Escanaba at Gwinn  
May 24, Gwinn at Escanaba  
May 25, Escanaba at Negaunee.

### Cloudburst Gets Assist In Flint Nine 2-1 Victory

Old man weather was in supreme command in the new Central Baseball league today as Muskegon credited the rainmakers with an assist for its uncontested perch atop the standings.

As 10 of last week's 23 scheduled games were rained out, yesterday's downpour cast the supreme insult at the Grand Rapids Jets at Flint to deprive Milt Galatzer's charges of a half share of the league lead.

The Jets, fresh from a doubleheader sweep that knocked Ft. Wayne out of first place on Saturday, rallied for four runs in the top half of the ninth against Flint's Arrows Sunday, only to have a cloudburst erase the comeback from the records.

When play couldn't be resumed the score reverted to the eighth inning with Flint winning 2 to 1.

The second half of their twin bill was postponed and Flint climbed into a three-way second place tie with Grand Rapids and Ft. Wayne.

**QUIT THE NBL**  
Indianapolis, May 8 (AP)—Commissioner Ward (Piggy) Lambert and three big city teams will quit the National Basketball league Monday at a league meeting in Chicago. The Indianapolis Kautskys, Minneapolis Lakers and Fort Wayne Zollners will join the Basketball Association of America, also meeting in Chicago Monday.

**SKAUG-NELS JENSEN:** Arvo Erickson-N. Harris; E. J. Heino-Warren Olson; Wallace Smith-Ed Gravelle; Carlton Johnson-Ernie LaCrosse; Earl Brown-Philip Norman; Oliver Christensen-Fred Schmidt; Roy E. Hebert-Earl Theriault; Archie Freeman-Joe Larmay.

## BARK RIVER TIPS LORETTO

Open Tri County Slate With 5-0 Shutout

Bark River, May 10—Bark River got off to a flying start in the Tri County Baseball league by blanking Loretto 5-0 in the opener here yesterday afternoon.

The feature of the game was the hurling of B. Kleiman, who led the Lorettoans down with four singles.

Gottia pitched a good game for Loretto but weakened in the late innings. A. Johnson and L. Olson topped the Bark River hitters and first baseman Pretto led Loretto with two for four.

The field of A. Johnson and J. Sundquist, Bark River, and Schindler, Loretto, also stood out.

## Tired Tigers Limp Home After Double Drubbing From A's

Philadelphia, May 10 (AP)—The Detroit Tigers limped into an open date on their schedule today and it was a welcome relief after Sunday's double shellacking from the Philadelphia Athletics, 10 to 5 and 5 to 3.

The twin pasting from the rip-roaring A's, whose current eight-game winning streak is their longest in 17 years, left the Tigers deep in seventh place with five defeats in their seven appearances in the east.

Third baseman George Kell prepared to head home today to rest his fractured wrist, cracked by one of Vic Raschi's pitches Sunday in New York. He will be out of the lineup at least three weeks.

Shortstop Johnny Phipps, nursing sliding injuries to both hands, and utility man Jimmy Outlaw, complaining of a back ailment, both are expected to benefit by Detroit's day off before Tuesday's night game in Washington, the Tigers' first under the lights this season.

With a patched up lineup that put Eddie Lake at third base for the first time since he came to the Tigers from Boston in 1946, Detroit used varied means in tossing off both ends of its Sunday twin bill with the A's, to the delight of a near full-house of 28,319 fans.

With Paul (Dizzy) Trout unable to get a man out in the opening inning of the first game, Philadelphia paraded six runs across the plate, two of them forced over by passes with the sacks full and three scoring on Sam Chapman's triple.

That was enough but Trout's wildness was contagious and five Detroit pitchers issued 13 passes, six of them resulting in scores.

Right-hander Joe Coleman yielded nine hits and gave seven walks but breezed to his second victory. The licking was Trout's third.

The nightcap started differently but ended the same way.

Art Houtteman, sophomore Tiger right-hander who had lost his first three games, had a 3-1 lead over Philadelphia's rookie left-hander, Lou Brissie, going into the last half of the eighth.

But he couldn't hold it as the A's rallied for four runs and the ball game.

GET A CRANE—Tom Fieldin of Raleigh, N. C., exhibits the largest channel bass of the season he caught while trolling in North Carolina's Oregon Inlet. The big fish weighed 53½ pounds, measured 53½ inches in length and 18 inches in girth.

## That Proves It; He's An Expert!

"You fellows have been insisting for a long time that I'm an expert. So, I just had to go out and prove it."

With these modest words, genial Jim Rouman, Escanaba high school athletic mentor and fly fisherman and fly tier par excellence, reluctantly told, under questioning, the story of his 28-inch seven-pound plus rainbow trout.

He hooked the beauty from the Whitefish river "above Treenay" Saturday afternoon. He used a wet fly and a four-pound test leader. John Edick, of the Escanaba junior high faculty, and O. H. Wells, Chicago sportsman, were his companion anglers on this particular hunt. In fact, Edick got an assist for helping to pull the big boy in after a 50-minute play.

Ordinarily, a 28-inch trout would go more than seven pounds but they're just off the spawning beds now, heading back toward the lake," the expert explained.

**'Stique Pin Tourney Starts This Week**

## Baseball Stars Of Yesterday

**Batting**  
Ken Keltner, Indians—Hammered out three home runs, his seventh, eighth and ninth of the season, to lead Cleveland to a double victory over the Boston Red Sox 4-1 and 9-4.

**Pitching**  
Ray Meyer, Cubs held the New York Giants to three hits in pitching Chicago to a 2-0 victory and leading the Cubs out of the National league cellar.

Ken Heintzelman, Phillies—Hurled his second straight shut-out, blanking the Cincinnati Reds with four hits.

## Central League Opens Schedule

Manistique, Gould City and Rexton won opening games in the Central Baseball league yesterday. Manistique topped Gulliver 2-0; Gould City tipped Naubinway 10-3 and Rexton defeated Seney, 11-0.

The schedule for next Sunday follows: Rexton at Grand Marais, Gould City at Gulliver, Manistique at Naubinway, Seney open.

The schedule was revised to provide for the late entry and addition of Rexton. A new schedule has been drawn for a seven-team league.

## Sports Mirror

Today a year ago—Faultless won the \$100,000 added Prekness at Pimlico. On Trust was second and Phalanx third. Kentucky Derby winner Jet Pilot was fourth.

Five years ago—Mel Harder, Cleveland pitcher, fractured an ankle and was sidelined for two months.

Ten years ago—New York Giants stretched their National league lead to 4½ games by sweeping a two game series from Chicago; Washington won its seventh straight to lead the American league.

## Trenary Minstrel Successful Show

Trenary, Mich.—The Trenary Lions club presented the "Darktown Minstrel" show in the high school auditorium. The show was very successful. The gym was packed, all seating capacity was filled and a large group of people had to stand.

The endmen entered the stage first, taking their seats while Mr. and Mrs. Claude Elmore sang "Dark Town Strutter's Ball." The song "Good Night Ladies" was sung by the endmen.

The program follows:  
Francis Dishnow—Interlocutor  
John Knaus—Eight Ball  
Carl Holmquist—Elbow Grease  
Emil Casimir—Asprin  
Danel Malnor—Battleaxe  
Russell Viton—Doormat  
Arthur Saari—Cramberry  
Sidney Rivard—Sunshine  
Hans Hallinen—Flubdub

Solo's  
"Soot" Elmore, vocal—"Oh, Miss Hannah," "He's a Rag Picker"  
"Soot" Elmore, cornet—"Swanee River"  
"Stovepipe" Story—"And They Called it Dixieland"  
"Tambo" Ollila—"Golden Slippers"  
"Hambone" LaLone—"Rufus, Rastus, Johnson, Brown"

The first part of the show ended with the singing of "Old Black Joe."

Olio 2nd Part  
"Al Jolson," impersonations—Carl Brown of Ishpeming  
A skit, "One Hambone For Two"—Mrs. Albert Cauchon and Mrs. Homer Story

4-H Club Party  
The "Snappy Snippers," 4-H Club sponsored a public card party and cake walk in the high school gymnasium Friday evening. The party was under supervision of the 4-H girls club leaders.

Conference At Methodist Church  
The fourth quarterly conference of the Trenary, Gwinn and McFarland Methodist churches was held in the Trenary Methodist church on Friday evening, April 30, with the Rev. John Meredith, district superintendent conducting the meeting.

The conference began with a devotional period led by the local pastor, Rev. Earl McClintock. The junior choir, under the direction of Mrs. Albert Cauchon, sang "The World is Very Beautiful."

ful." The senior choir sang the Anthem. A short sermon was given by Rev. McClintock.

Following the devotions, the annual business meeting of the circuit was held. Delegates from Gwinn and McFarland attended the conference.

The Ladies' Aid society served refreshments in the church parlors.

### New Beauty Parlor

A beauty parlor was opened here over the weekend in the Clarence LaLone building by Harry Manier, former owner and operator of Harry's Beauty Salon in Escanaba.

Personal  
A new sign has been erected on top of the building housing the frozen food locker plant.

Mr. and Mrs. John Masloney of Harvey visited at the Nestor Orava home last week.

Mr. and Mrs. Norman Methat and son Billy of Munising, spent the weekend at the home of Mr. and Mrs. William Fitzgerald.

Mr. and Mrs. Martin McNamera of Eaton Rapids visited at the William Johnson home at Kiva last week. Mr. McNamera

and Mrs. Johnson are brother and sister.

Mr. and Mrs. Leonard Double have returned to their home in Chicago after spending a few days visiting at the Herbert and Francis Finlan homes.

Mr. and Mrs. B. Columb and daughter of Rapid River and Mrs. Rae Hews of Lansing visited friends here Sunday.

Mr. and Mrs. Willard Josephson and daughter of Munising, spent Sunday with Mr. Annie Josephson.

Imports of natural rubber to the United States dropped from more than one million long tons in 1941 to about 60,000 in 1943. It was expected to climb to about 400,000 in 1947.

A leading scientist predicts that gasoline made from our 160 trillion cubic feet of natural gas will precede gasoline made from coal.

Vitamin A is essential to maintain the cell structure of the body.

Coins were in use both in the east and the west, as early as the eighth century B.C.

**It's a BED! It's a BATH! It's a TRAVEL-SEAT... and MORE!**

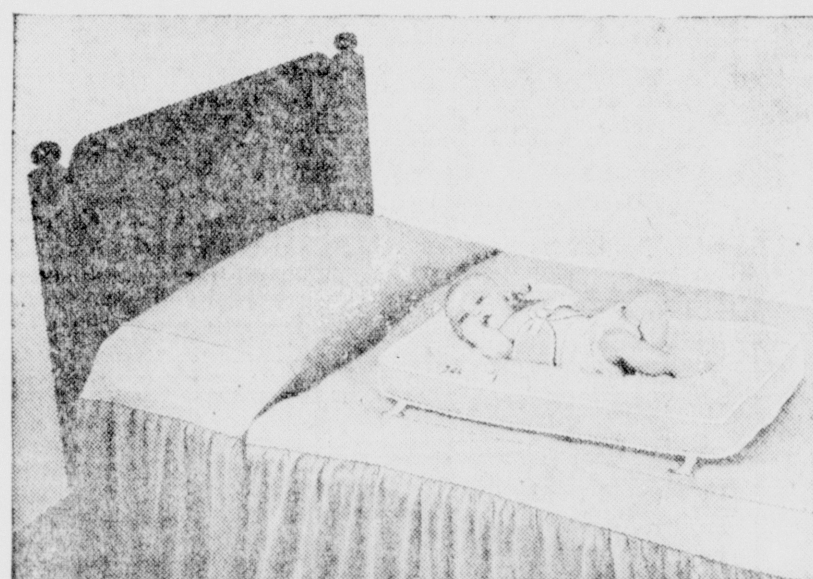

# THE Fair STORE presents the PLAYTEX AIR-NURSE

*the nursemaid that doesn't eat... doesn't sleep... doesn't even get paid... yet takes care of baby at home or away!*

### For "tending" baby at home

Securely holds and guards any baby (from birth to creeping age) with air-cushioned comfort. Weighs only one pound inflated!

### When visiting

Serves as a portable, waterproof, sanitary bed. Also as a table for changing baby. Deflated, it folds pocket-book size.

### For bathing baby

Remove the fabric cover entirely, fill with water—and the Air-Nurse becomes baby's bath. Pat with a towel, and it's dry!

### For travelling

Gives your baby air-cushioned comfort with safety, in car, on train, on bus or plane.

PLAYTEX AIR-NURSE was made for every over-worked, under-staffed Mama in the world. That means she can turn her back knowing baby is securely held and cushioned on air-filled comfort. That means she'll be able to tote him along on visits, free from embarrassment. (She'll pin Air-Nurse down to grandma's guest room bed by the cotton tabs.) She'll strip off the petal-finish sanforized cotton cover, turn the Air-Nurse upside down and use it as baby's tub. (It's electronically sealed to keep it air-tight and water-tight.) What's more, it's sealed into a cushiony surface scientifically designed to give a baby posture-right rest, with comfort. For little boys and girls from birth to creeping age. Hurry in or mail the coupon below today. Pink or Blue. Infants Department, upstairs.

**\$9.95**

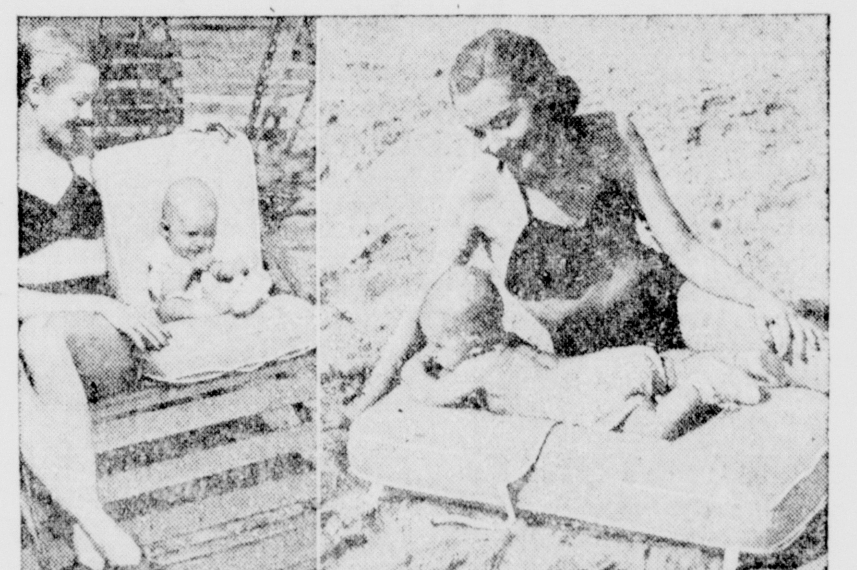

Beautifully gift-packaged in a silvery tube.

### For picnicking

The Air-Nurse serves as a safety island, anywhere. Holds baby snugly while protecting against dampness, pebbly ground, etc.

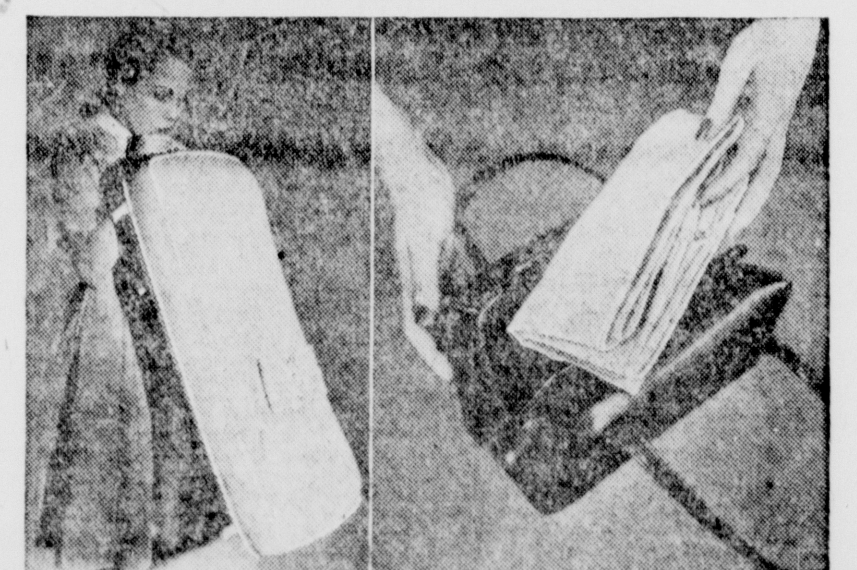

### For sun and beach

The Air-Nurse becomes the "lifeguard" that tends baby while mother swims. It's also the safety-chair you can use anywhere.

### For mattress use

For carriage, bassinette, etc., the Air-Nurse safely cradles your baby on cushioned air. Designed for sound sleep.

### Inflates in one minute

Even a child can blow up the Air-Nurse. Deflated, it folds into pocket-book size.
